

## Process

Ordering a personalised commissioned painting begins with:

1. Choosing the size canvas you would like
2. Completing, signing & returning the Client Agreement Form
3. Paying a 20% deposit into my account
4. Start making a list (the fun bit!), of all the houses, buildings and personal bits and pieces you'd like to see in your painting (pets, flowers, school uniforms, sports jerseys, signs, birds)

## Timing

At this point in time, the next available spot I can book for you is January 2021, so you have plenty of time to confirm what you'd like me to put in it. Returning your agreement form and paying the deposit will ensure your place in the queue and you won't be affected by future price increases.

## Sizes and Pricing

Sizes and prices are listed on the attached Prices Document, where you will notice that the canvases are all square. If you want a rectangular canvas you can estimate the cost by area.

*For example, the price list shows a 50 x 50cm (2500sq/cm) canvas to be \$4000. So an 80 x 30cm (2400sq/cm) canvas would be close to \$3800.*

If you decide to go ahead, let me know the size of your work or near to it. Pay the deposit of 20% into my account as detailed below using your surname as reference please.
